packaged especially
with developers in mind.*

FUTURE GRID

ELECTRICITY SUITE METERING for Condominiums

See How to Get Started Inside

Burlington**hydro**_{inc.}

TRUSTED. EXPERIENCED. RESPONSIVE. RELIABLE

Burlington Hydro is a fully regulated suite metering provider within its service territory. We are regulated by the Ontario Energy Board (OEB), delivering one-of-a-kind security and transparency. From design through to managing installation, Burlington Hydro is a full turnkey suite metering solution. It's a no-fuss approach, tailored specifically to the needs of Condominium Developers.

SUITE METERING OFFERS DISTINCT ADVANTAGES OVER THE OLD BULK METERING MODEL

You will reap the benefit of decades of energy management experience and local electricity distribution community infrastructure expertise. Burlington Hydro gives you the advantage:

- No-charge expert installation of all electricity suite metering equipment;
- Incentives that cover system connectivity within the building;
- All planning, approvals and oversight;
- Professional engineering support;
- The latest in automated systems; and,
- The potential for energy efficiencies that will appeal and empower both condominium owners and unit residents.

IT'S THE ONLY END-TO-END SUITE METERING SOLUTION THAT DELIVERS FOR DECADES TO COME!

DELIVERING A SEAMLESS SUITE METERING SOLUTION FOR CONDO BOARDS AND PROPERTY OWNERS

A TRUSTED BRAND - Burlington Hydro is a trusted source with a long-standing reputation for excellence and reliable service in the electricity space in our community.

EXPERTISE AND EXPERIENCE - Burlington Hydro has been in the metering business for over half a century, with experienced and highly trained industry professionals.

SERVICE THAT DELIVERS - Burlington Hydro is with you over the long-haul, providing the latest in product innovation with reliable follow-up and maintenance service.

PROFESSIONAL AND RESPONSIVE - Burlington Hydro can deal quickly and professionally with your unique needs and challenges.

BE SURE YOU'RE ASKING THE RIGHT QUESTIONS WHEN IT COMES TO CHOOSING YOUR SUITE METERING PROVIDER:

- Can your provider offer you the transparency/risk free service of a fully regulated company?
- Does your provider have a long-established and proven record in electricity metering?
- Does your provider have the benefit of decades of energy management experience?
- Does your meter supplier bridge the gap between installation, engineering support, maintenance, customer service and billing, all under one umbrella?

REQUIRE OTHER METERING SOLUTIONS?

In addition to **ELECTRICITY SUITE METERING** ask us about our **WATER, THERMAL** and **GAS** suite metering solutions.

CALL a qualified Burlington Hydro metering representative today at 905-332-2274 and book your appointment with a full-service professional.
